

**2009**  
**API**  
CONFERENCE  
ST. JOHN'S  
NOVEMBER 18-20

## CALL FOR PRESENTERS

Explore our future with planning visionaries from across Atlantic Canada at the 2009 API Conference. Cutting-edge technologies, innovations in strategic plan-making, leading natural resource management approaches, trends in built environment and amenities - "Catching the Wave: Exploring Best Practice" will connect you with the "best of the best" in planning.

### Plan to attend!

The conference organizing committee welcomes proposals that showcase best practice in the following areas:

- Plan Making – How will plan making address the challenges of the future? How can plan making better engage the public?
- Technology – How is technology being used in planning and decision-making?
- Managing Air, Land, Water and the Built Environment – How is planning practice addressing sensitive natural areas, water resources and/or the built environment in a climate of limited fiscal capacity and demands for increased service delivery?
- Quality of Life – How is planning strengthening quality of life and a sense of place and community?

Please email or fax your proposal to Dawn Boutilier at [Dawn@tract.nf.net](mailto:Dawn@tract.nf.net) or (709) 738-2499 by **May 15, 2009**.

Proposals should:

- Include the title and describe how the presentation will address the conference theme and sub-themes;
- Be no more than 200 words;
- Include the names of the presenters and identify the lead presenter;
- Include contact information including email address, phone number and mailing address of all presenters;
- Indicate equipment requirements.
